SUMMARY

B.Tech Information Technology student with hands-on exposure to cloud computing (AWS, GCP), full-stack web development, and Python-based automation. Experienced in provisioning cloud infrastructure (IaaS/PaaS), building end-to-end web platforms, and leading technical community initiatives. Seeking a cloud computing internship to apply and grow practical cloud deployment skills.

EDUCATION

SKIT, Jaipur — Bachelor of Technology, Information Technology (Currently Pursuing)	2024 – Present
Modi Public School — 12th, CBSE (Scored 83.2%)	Apr 2023 – May 2024
Maa Bharti Sr. Sec. School — 10th, CBSE (Scored 87.6%)	Apr 2021 – Apr 2022

TECHNICAL SKILLS

- **Cloud Computing:** AWS EC2 & Elastic Beanstalk (IaaS & PaaS deployment), Google Cloud Platform (GCP) Console, AWS Console
- **Programming Languages:** C++, Python, Java (basics)
- **Web Development:** HTML, CSS, JavaScript
- **Tools & Platforms:** Git, GitHub
- **Currently Learning:** Data Structures & Algorithms (C++), SQL

RELEVANT EXPERIENCE

Motion Education Pvt. Ltd. — AI & Data Science Intern	Jun 2026 – Jul 2026
• Contributed to AI and Data Science projects, applying data-driven techniques to support real-world business use cases.	
Kistechnosoftware — Web Development Intern	May 2026 – Jun 2026
• Built and maintained web application features using HTML, CSS and JavaScript as part of a client-facing development team.	
Incubation Cell, SKIT Jaipur — College In-house Intern, Web Development	Jul 2025
• Delivered a full-stack travel discovery platform (Incredible India YatraVista Portal) as the major project during the internship.	
• Built a scientific and simple calculator application as a minor project to strengthen core JavaScript logic skills.	

CLOUD COMPUTING PRACTICE

- Provisioned and configured virtual machines on AWS EC2 (IaaS) and deployed web applications using AWS Elastic Beanstalk (PaaS), gaining hands-on experience with cloud infrastructure and application hosting.
- Practiced resource provisioning and service configuration on Google Cloud Platform (GCP) Console, building working familiarity with multi-cloud environments ahead of a cloud computing internship.

PROJECT EXPERIENCE

Incredible India YatraVista Portal	HTML, CSS, JavaScript
• Built a full-stack travel discovery platform to help users explore India's culture, heritage and destinations through personalized recommendations.	
• Designed a responsive, mobile-friendly interface with dynamic JavaScript-driven content rendering.	
Payment QR Code Generator	Python
• Developed a Python tool that dynamically generates scannable QR codes to enable fast, secure and contactless digital payments.	
• Encoded transaction details directly into QR codes, reducing manual entry and minimizing payment errors.	
Hand Gesture Control System	Python
• Built a real-time hand-gesture detection system using computer vision to control on-screen actions such as clicking and cursor movement.	
• Translated tracked hand landmarks into precise cursor operations, enabling touchless computer interaction.	

LEADERSHIP & ADDITIONAL EXPERIENCE

Maths and Rates Club — Coordinator	Mar 2026 – Present
• Organize activities and events to promote mathematical thinking and financial literacy among students.	
Science & Technology Club — Head of Community	Jul 2026 – Present
• Lead community engagement and drive science and technology events on campus.	
Science & Technology Club — Core Team Member	Sep 2025 – Jul 2026
• Managed club operations and served as team leader for multiple on-campus science and technology events.
